Article 4. Resident

1. For the purposes of this Convention, the term 'resident of a Contracting State' means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision, administrative-territorial unit or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
 - a. he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);
 - b. if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
 - c. if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
 - d. if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

4. A pension fund recognized as such in a Contracting State and of which the income is generally exempted from tax in that State, shall be regarded as a resident of that State. As a recognized pension fund of a Contracting State shall be regarded any pension fund recognized and controlled according to statutory provisions of that State.

Article 5. Permanent establishment

1. For the purposes of this Convention, the term 'permanent establishment' means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term 'permanent establishment' includes especially:
 - a. a place of management;
 - b. a branch;
 - c. an office;
 - d. a factory;
 - e. a workshop, and
 - f. a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.
3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than 12 months.
4. Notwithstanding the preceding provisions of this Article, the term 'permanent establishment' shall be deemed not to include:
 - a. the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b. the maintenance of a stock of goods or merchandise belonging to the enterprise, which is exhibited at a trade fair or exhibition, and which is sold by the enterprise at the end of such fair or exhibition;
 - c. the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - d. the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - e. the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information or disseminating information or of marketing of a preparatory or auxiliary character, for the enterprise;
 - f. the facilitation of the conclusion (including of the mere signing) of contracts concerning loans, concerning the delivery of goods or merchandise or concerning technical services, which are similar to the activities of a representative office in Romania;
 - g. the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
 - h. the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (g), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Chapter III. Taxation of income

Article 6. Income from immovable property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term 'immovable property' shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats, aircraft and railway vehicles shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7. Business profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise of which it is a permanent establishment.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8. International traffic

1. Profits from the operation of ships, aircraft or railway vehicles in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.
2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.
3. For the purposes of this Article, profits derived from the operation in international traffic of ships, aircraft and railway vehicles include profits derived from the rental on a bareboat basis of ships, aircraft and railway vehicles if operated in international traffic if such rental profits are incidental to the profits described in paragraph 1.
4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9. Associated enterprises

1. Where

- a. an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
 - b. the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,
- and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly. It is understood, however, that the fact that associated enterprises have concluded arrangements, such as costsharing arrangements or general services agreements, for or based on the allocation of executive, general administrative, technical and commercial expenses, research and development expenses and other similar expenses, is not in itself a condition as meant in the preceding sentence.
2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10. Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
 - a. 0 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends;
 - b. 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 10 per cent of the capital of the company paying the dividends;
 - c. 15 per cent of the gross amount of the dividends in all other cases.This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
3. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of paragraph 2.
4. The term 'dividends' as used in this Article means income from shares, 'jouissance' shares or 'jouissance' rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.
5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.
7. The provisions of sub-paragraphs (a) and (b) of paragraph 2 shall not apply if the relation between the two companies has been arranged or is maintained for the main purpose or one of the main purposes to take advantage of these sub-paragraphs. In case a Contracting State intends to apply this paragraph, its competent authority shall in advance consult with the competent authority of the other Contracting State.

Article 11. Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 3 per cent of the gross amount of the interest.
3. Notwithstanding the provisions of paragraph 2, interest arising in one of the Contracting States and paid to a resident of the other Contracting State who is the beneficial owner thereof shall be taxable only in that other Contracting State, if one of the following requirements is fulfilled:
 - a. the payer or the recipient of the interest is the Government of a Contracting State itself, a public body, a political subdivision, an administrative–territorial unit or a local authority thereof or the Central Bank of a Contracting State;
 - b. the interest is paid in respect of a loan granted, approved, guaranteed or insured by the Government of a Contracting State, the Central Bank of a Contracting State, or any agency or instrumentality (including a financial institution) owned or controlled by the Government of a Contracting State;
 - c. the interest is paid in respect of a loan granted by a bank or any other financial institution (including an insurance company);
 - d. the interest is paid on a loan made for a period of more than 2 years;
 - e. the interest is paid in connection with the sale on credit of any industrial, commercial or scientific equipment.
4. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of paragraphs 2 and 3.
5. The term 'interest' as used in this Article means income from debt–claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
6. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein and the debt–claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
7. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt–claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last–mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 12. Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 3 per cent of the gross amount of the royalties.
3. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of paragraph 2.
4. The term 'royalties' as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including motion pictures or films, recordings on tape or other media used for radio or television broadcasting or other means of transmission), any patent, trade

mark, design or model, plan, secret formula or process, or for the use of, or the right to use, any copyright of computer programs, or for information concerning industrial, commercial or scientific experience.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

Article 13. Capital gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

5. The provisions of paragraph 4 shall not affect the right of each of the Contracting States to levy according to its own law a tax on gains from the alienation of shares or 'jouissance' rights in a company, the capital of which is wholly or partly divided into shares and which under the laws of that State is a resident of that State, derived by an individual who is a resident of the other Contracting State and has been a resident of the first-mentioned State in the course of the last ten years preceding the alienation of the shares or 'jouissance' rights.

Article 14. Independent personal services

1. If he has such a fixed base, the income may be taxed in the other Contracting State but only so much of it as is attributable to that fixed base.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, income derived from activities as defined in paragraph 1 of this Article shall be exempt from tax in the Contracting State in which these activities are exercised, if the visit of the entertainers, the musicians or the sportsmen to that State is supported wholly or almost wholly from the public funds of the other Contracting State, a political subdivision, an administrative-territorial unit or a local authority thereof, or if these activities are performed under a cultural or sports agreement between the Contracting States.

1. Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration paid to a resident of a Contracting State in consideration of past employment and any annuity shall be taxable only in that State.

2. However, where such remuneration is not of a periodical nature and it is paid in consideration of past employment in the other Contracting State, or where instead of the right to annuities a lump sum is paid, this remuneration or this lump sum may be taxed in the Contracting State where it arises.

2. Capital represented by movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or by movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, may be taxed in that other State.
3. Capital represented by ships, aircraft and railway vehicles operated in international traffic and by movable property pertaining to the operation of such ships, aircraft and railway vehicles, shall be taxable only in the

Contracting State in which the place of effective management of the enterprise is situated. For the purposes of this paragraph the provisions of paragraph 2 of Article 8 shall apply.

4. All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

Chapter V. Elimination of double taxation

Article 24. Elimination of double taxation

1. The Netherlands, when imposing tax on its residents, may include in the basis upon which such taxes are imposed the items of income or capital which, according to the provisions of this Convention, may be taxed in Romania.

2. However, where a resident of the Netherlands derives items of income which according to Article 6, Article 7, paragraph 5 of Article 10, paragraph 6 of Article 11, paragraph 5 of Article 12, paragraphs 1 and 2 of Article 13, Article 14, paragraph 1 of Article 15, paragraph 3 of Article 18, paragraphs 1 (subparagraph (a)) and 2 (subparagraph (a)) of Article 19 and paragraph 2 of Article 22 of this Convention may be taxed in Romania and are included in the basis referred to in paragraph 1, the Netherlands shall exempt such items of income by allowing a reduction of its tax. This reduction shall be computed in conformity with the provisions of Netherlands law for the avoidance of double taxation. For that purpose the said items of income shall be deemed to be included in the total amount of the items of income which are exempt from Netherlands tax under those provisions.

3. Further, the Netherlands shall allow a deduction from the Netherlands tax so computed for the items of income or capital which according to paragraph 2 (subparagraphs (b) and (c)) of Article 10, paragraph 2 of Article 11, paragraph 2 of Article 12, paragraph 5 of Article 13, Article 16, Article 17, paragraph 2 of Article 18 and paragraphs 1 and 2 of Article 23 of this Convention may be taxed in Romania to the extent that these items are included in the basis referred to in paragraph 1. The amount of this deduction shall be equal to the tax paid in Romania on these items of income or capital, but shall not exceed the amount of the reduction which would be allowed if the items of income or capital so included were the sole items of income or capital which are exempt from Netherlands tax under the provisions of Netherlands law for the avoidance of double taxation.

4. Notwithstanding the provisions of paragraph 2, the Netherlands shall allow a deduction from the Netherlands tax for the tax paid in Romania on items of income which according to Article 7, paragraph 5 of Article 10, paragraph 6 of Article 11, paragraph 5 of Article 12, Article 14 and paragraph 2 of Article 22 of this Convention may be taxed in Romania to the extent that these items are included in the basis referred to in paragraph 1, if and insofar as the Netherlands under the provisions of Netherlands law for the avoidance of double taxation allows a deduction from the Netherlands tax of the tax levied in another country on such items of income. For the computation of this deduction the provisions of paragraph 3 of this Article shall apply accordingly.

5. In Romania, where a resident of Romania derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in the Netherlands, Romania shall allow:

- a. as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in the Netherlands;
- b. as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in the Netherlands.

Such deduction in either case shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or the capital which may be taxed in the Netherlands.

Chapter VI. Special provisions

Article 25. Offshore activities

1. The provisions of this Article shall apply notwithstanding any other provisions of this Convention. However, this Article shall not apply where offshore activities of a person constitute for that person a permanent establishment under the provisions of Article 5 or a fixed base under the provisions of Article 14.

2. In this Article the term 'offshore activities' means activities which are carried on offshore in connection with the exploration or exploitation of the sea bed and its sub-soil and their natural resources, situated in a Contracting State.

3. An enterprise of a Contracting State which carries on offshore activities in the other Contracting State shall, subject to paragraph 4 of this Article, be deemed to be carrying on, in respect of those activities, business in that other State through a permanent establishment situated therein, unless the offshore activities in question are carried on in the other State for a period or periods not exceeding in the aggregate 30 days in any period of 12 months. For the purposes of this paragraph:
- a. where an enterprise carrying on offshore activities in the other Contracting State is associated with another enterprise and that other enterprise continues, as part of the same project, the same offshore activities that are or were being carried on by the first-mentioned enterprise, and the aforementioned activities carried on by both enterprises – when added together – exceed a period of 30 days, then each enterprise shall be deemed to be carrying on its activities for a period exceeding 30 days in a 12 months-period;
 - b. an enterprise shall be regarded as associated with another enterprise if one holds directly or indirectly at least one third of the capital of the other enterprise or if a person holds directly or indirectly at least one third of the capital of both enterprises.
4. However, for the purposes of paragraph 3 of this Article the term 'offshore activities' shall be deemed not to include:
- a. one or any combination of the activities mentioned in paragraph 4 of Article 5;
 - b. towing or anchor handling by ships primarily designed for that purpose and any other activities performed by such ships;
 - c. the transport of supplies or personnel by ships or aircraft in international traffic.
5. An individual who is a resident of a Contracting State and who carries on offshore activities in the other Contracting State, which consist of professional services or other activities of an independent character, shall be deemed to be performing those activities from a fixed base in the other Contracting State if the offshore activities in question last for a continuous period of 30 days or more.
6. Salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment connected with offshore activities carried on through a permanent establishment in the other Contracting State may, to the extent that the employment is exercised offshore in that other State, be taxed in that other State.
7. Where documentary evidence is produced that tax has been paid in Romania on the items of income which may be taxed in Romania according to Article 7 and Article 14 in connection with respectively paragraph 3 and paragraph 5 of this Article, and to paragraph 6 of this Article, the Netherlands shall allow a reduction of its tax which shall be computed in conformity with the rules laid down in paragraph 2 of Article 24.

Article 26. Non-discrimination

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, or paragraph 7 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.
4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 27. Mutual agreement procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 26, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 28. Exchange of information

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.
2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:
 - a. to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b. to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
 - c. to supply information which would disclose any trade, business, industrial, commercial, or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (order public).

Article 29. Members of diplomatic missions and consular posts

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

Article 30. Territorial extension

1. This Convention may be extended, either in its entirety or with any necessary modifications, to either or both of the countries of the Netherlands Antilles or Aruba, if the country concerned imposes taxes substantially similar in character to those to which the Convention applies. Any such extension shall take effect from such date and subject to such modifications and conditions, including conditions as to termination, as may be specified and agreed in notes to be exchanged through diplomatic channels.
2. Unless otherwise agreed the termination of the Convention shall not also terminate any extension of the Convention to any country to which it has been extended under this Article.

Chapter VII. Final provisions

Article 31. Entry into force

1. Each of the Contracting States shall notify in writing each other, through diplomatic channels, the completion of the procedures required by its law for the bringing into force of this Convention. The Convention shall enter into force on the thirtieth day after the date of the latter of these notifications and shall thereupon have effect:

- a. in the case of the Netherlands:

2. The Convention between the Kingdom of the Netherlands and the Socialist Republic of Romania for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital, signed at Bucharest on March 27, 1979, shall terminate upon the entry into force of this Convention. However, the provisions of the first-mentioned Convention shall continue to have effect for taxable years and periods which are expired before the time at which the provisions of this Convention shall be effective.

Article 32. Termination

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention at any time after five years from the date on which the Convention enters into force provided that at least six months prior notice of termination has been given through diplomatic channels. In such event, this Convention shall cease to have effect:
